Technical Specifications

Name:	Shelf system B1070
Item No.:	603175
Material:	Aluminium, plastic
Number of shelves:	4
Width of shelves, in mm:	1050
Depth of shelves, in mm:	360
Total load-bearing capacity, max. in kg:	150
Load-bearing capacity per shelf, max. in kg.:	50
Dimensions (W x D x H), in mm:	1145 x 365 x 1790
Weight in kg:	14,4

We reserve the right to implement technical modifications!

Version / Characteristics

- Shelf system type: stand-up
- Purpose:
 - humid rooms
 - canteens
 - refrigeration rooms
 - refrigeration cells
 - freezer cells
- Version of shelves: perforated
- Height-adjustable shelves
- Compatible with GN containers: GN 1/3, GN 1/2, GN 2/3, GN 1/1
- Delivery form: self-assembly set (simple assembly)
- The self-assembly set includes: 2 shelf stands, 8 insert shelves
- Assembly type: plug system
- Practical optional use: possibility to use GN containers instead of shelves
- Adapted to the needs: 2 shelf systems may be connected into one corner system
- The set includes: installation materials

Scope of Delivery / Part Name

1. Unpack the shelf system and remove all packing materials according to the environmental regulations.
2. Check completeness of delivery according to the list below:

No.	Element	Number	Name
A		1	Crosswise bar
B		4	Bolts
C		4	Nuts
D		2	Side element
E		16	Screws connecting bars

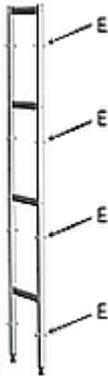

No.	Element	Number	Name
F		8	Crossbars
G		8	System shelf

Intended Use

The Kit 4 shelf system may be used in all areas of gastronomy. It may be used with the equipment of choice: with system shelves or suitable GN containers.

EN

Assembly

1. Insert the screws connecting bars into suitable bores in both side elements.
2. Insert 8 crossbars onto the connecting screws on side elements.

3. Assemble the system shelves on the crossbars.

4. Assemble crosswise bars at the rear of the system, using screws and nuts.

EN

Positioning

1. Place the shelf system in the required place.
2. Level the shelf system with the use of adjustable feet, screwing them out or in.

Tips for the User

The shelf system may be used with the enclosed system shelves or with suitable GN containers (not part of the delivery).

Remove the system shelf and insert the GN container.

If needed, 2 shelf systems may be connected into one corner system.

Cleaning

ATTENTION!

For cleaning, do not use any scouring agents containing solvents nor corrosive cleaning agents. They may damage the surface.

1. Clean the shelf system and the system shelves regularly with warm water and soft, damp cloth. Use mild cleaning agent if required.
2. Dry the shelf system with soft cloth.
3. Clean the used GN containers with warm water, mild washing agent and soft cloth.

INDICATION: the system shelves are dishwasher-safe.
