## Technical Data

<b>Name:</b>	<b>Glass hot dog cylinder protector 200</b>
Art. No.:	<b>A120430</b>
Material:	silicone
Dimensions (W x D x H), in mm:	200 x 200 x 14
Weight, in kg:	0,028

We reserve the right to implement technical modifications.

## Version / Characteristics

- Designed for: glass hot dog cylinder protector, Ø200 mm
- Detachable
- Suitable as an equipment for the following appliances:
  - A120406
  - A120407
  - A120408
  - A120427

EN

## Using the Glass Hot Dog Cylinder Protector

It is used for protecting glass hot dog cylinders against breaking or glass splinters during filing with sausages or cleaning.

Moreover, the glass hot dog cylinder protector provides for better adherence with the lid — the glass cylinder is closed more tightly and less heat escapes.

## Tips for the User

1. Prior to first use and, regularly, after each subsequent use clean the glass hot dog cylinder protector thoroughly, using warm running water, a soft cloth or sponge and a mild cleaning agent.
2. Rinse in fresh water.
3. Dry the glass hot dog cylinder protector.
4. Before using the appliance, fit the glass hot dog cylinder protector on a suitable glass cylinder (Fig. below).
